

Creating ergonomic spaces
that offer the
**comfort of home,
at the office.**

” The boundaries between our personal and work life are disappearing. Workspaces are becoming second homes and from this arises the need to have home-like comfort in the office.

At Godrej Interio, we create workspaces that are flexible, smart and intuitive. This not only ensures good health but also results in a stress-free environment and improved productivity.

So, be it seating, desking, storage or modular workstations, when it comes to enhancing productivity in workplace dynamics, our range always lets you

Make Space for Life. ”

About us:

Godrej Interio (GI) is India's premium furniture brand in both home and institutional segments with a strong commitment to sustainability and centers of excellence in design, manufacturing and retail.

Led by the largest in-house design team in the country in the furniture category and awarded with 34 India Design Mark Awards till date, GI aims to transform spaces with its thoughtfully designed furniture to create brighter homes and offices with products that have the highest design quotient in aesthetics, functionality and technology. With consistent pursuit of excellence and a special focus on health and ergonomics, GI's product portfolio comprises a massive range.

Today, we design and manufacture furniture for office spaces, homes, educational institutes, healthcare facilities, laboratories and more. Along with furniture we offer Audio Visual and 360 Degree Turnkey solutions. Each of our product range revolves around comfort and aesthetics while delivering well-designed, fun and functional furniture solutions. Briefly, Godrej Interio transforms dream spaces to life!

Godrej Interio has 8 manufacturing facilities situated at Mumbai, Khalapur, Haridwar, Shirwal, and Bhagwanpur. GI's Shirwal Plant is Green Co Platinum Certified and Mumbai Plants are Green Co Gold Certified. GI is widely known for its comprehensive sustainability certifications for its products in furniture category.

GI's commitment to the environment has resulted in manufacturing products with lesser environment footprint. Our pioneering efforts include designing less environment burdening products, usage of eco-friendly materials and setting up less polluting and consuming processes, ensuring eco-friendly packaging, and transportation and finally the extended responsibility of recycling/reuse of used furniture and scrap, thus ensuring a lifecycle approach to green. GI has the widest range of green choices for our customers which not only includes products but also services such as green interiors and recycling.

Currently present in over 650 cities with 300+ exclusive showrooms and 1200+ dealers, GI is one of the largest divisions of Godrej and Boyce Mfg. Co. Ltd., part of the Godrej Group, one of India's largest engineering and customer product groups.

top rank in the furniture category,
"Experts' Choice Award 2018"

World's Greatest Brands & Leaders
2016-17 – Asia & GCC

We don't just talk green. We walk green.

At Godrej Interio, our sustainability goals are ambitious.
We do not just talk, we walk the talk.

We take our work seriously because we know our products and services touch people, transform lives and change the world.

When we add the element of sustainability and green living into what we do, it adds the positivity of hope to the promise of a better future, not only for people but for the planet as a whole.

We are transparent about our green goals.

Every day, in every way, we achieve and surpass these goals in our endeavor to give shape to our vision of an ideal, sustainable world.

Our good and green vision

Creating a Greener India

By 2020, we will achieve 45% reduction in specific energy consumption, 50% reduction in specific water consumption, 15% renewable energy use, zero waste to landfill and positive water balance.

Innovating for Good and Green Products

By 2020, we will have a third of our portfolio revenues comprising of Good and Green Products and Services.

Ensuring Employability

Train 15000 rural and urban youth in skilled employment by 2020.

We ensure sustainability across the value chain

Open Shelf (double)

OPOS

TILE BASED SYSTEMS

Features:

- Wish is a Gapless, Design-differentiated, Unique Modular workstation system incorporating the sturdiness of a panel based and the wire management capabilities of a tile based modular workstation system
- It can cater to creative layouts with flexible possibilities for workspace designs
- WISH is so versatile due to its simple design. It grants a contemporary look to the creatively designed layout
- Its horizontal band looks in the panels to the feeling of expanse the workspace
- Its design integrated accessories and storage options accentuate the aesthetics and functionality of the workstation

Design Registered

Features:

- The new Xpress Office is a quick buy option in office modular workstation furniture which offers a solution for all issues faced to execute office interiors. Xpress Office comes with the options of 4 colour schemes to choose from and with over 100 variants of configuration and size put together
- With all the upholstery and the switch mounting provision coming made in the module from the manufacturing plant itself, its only installation of the modules which will take least time to hand over the ready site to the customer
- With better delivery schedules and faster installation time, it is available in the EDP range of furnitures

OPOS/Tile Based Systems/ **Wall Full Height Partitions**

Features:

- Wall is a partition solution that offers you the perfect answer when you are looking to blend contemporary workspace aesthetics with the comfort of speedy execution
- It is a Gapless modular full height partition system, designed to provide the aesthetic appeal while also catering to the general functional needs of the office users
- Available in an expansive collection of tile finishes and facilitating a variety of functions, wall helps create spaces that are inspirational and enhance productivity
- It provides for writing surfaces, display shelves, provisions for display monitor mounting switch and wire management in panels

OPOS

DESK BASED SYSTEM

Features:

- Workstation configuration with sliding worktops and sliding monitor holder, enables the modules to be used for collaborative work when required and can be used as individual focused work tables when not in a meeting mode
- With the provision of the meeting pods within the workstation clusters, combined with the possibility of having marker surfaces as well as screen mounting facility
- The Credenza gives ample storage area for an individual's need of files as well as immediate stationery requirements which are inevitable in offices. Storage of CPU or laptop bags need not be thought about separately or added as an afterthought as the Credenza also takes care of these
- Different configurations for team leaders seamlessly gel in with the employee modules catering to horizontal structures, while the cabin configurations provide the private offices' needs for vertical structures

Design Registered

Features:

- Reason offers benching solutions, return units, sit stand units, overhead storage units
- Reason is a global design which is Indian at heart. It combines unique understanding of Indian consumers with global looks
- The sit stand unit in reason provides the space for impromptu meeting which arise in such collaborative work profiles. It is the perfect solution for collaborative workspaces
- Neat and wire clutter-free workspace is an inherent need of any Indian workspace and with the unique solution the wire could be kept out of sight. For higher wire requirements, the cable wall provides ample solution for concealed wire management

Design Registered

OPOS/Desk Based System/ **Upbeat**

Features:

- In the age of rapidly transforming businesses, workspaces are also becoming increasingly dynamic. Today, workspace is no longer just a place where people sit and work; it is meant to serve as an extension of our ideas, personality and the way we get work done. New-age workspaces need next-gen furniture solutions that inspire optimum performance. Solutions need to be designed to fit every individual's personality.
- Upbeat is a Complete office Furniture setup solution, designed to cater to the various settings in an office space. The system offers five different Leg designs on a platform design understructure to create the identity that is required by the workspace. A range of screen finishes and looks can be mixed-n- matched to create unique spaces within the regular office layout. Different options for wire management and uniquely designed accessories add to the flexibility of the workstation offering. It also provides an exhaustive range of size and configuration which gives the flexibility to create multiple types of clusters. The configurations that could be created with upbeat are – Regular tables, High tables, mobile tables, meeting tables, conference tables

STORAGE

AISLE AND BACK STORAGE

STORAGE/Aisle and Back Storage/ **Mobile Caddy**

Features:

- A complete knock-down construction with adjustable shelf, Mobile Caddy can have a TDU+RH Drawer or TDU+LH Drawer configuration as required
- It enables customized arrangements for every work situation, making it ideal for team and project work requirements
- It has lockable casters for outer body and anti-tilt caster for pedestal, ensuring flexibility and overall stability
- Maximizes storage space in user's reach with its full drawer accessibility with one box drawer having removable stationery tray
